Pg 2- The Rolling Races

Pg 3- The Lawn Mower Races

The Rolling Races

Racers:

The racer can not have a motor, no steel wheels, but must have a minimum of 3 wheels. The racer must have working steering and a working braking mechanism. The racer can not be built dangerously. For example, no spikes. The racer must be family-friendly with no sexual, racist, obscene or abusive content of any kind to be on the cart.

Riders:

The rider must be wearing a helmet. There is 0 tolerance for drugs and alcohol for the duration of the event. If the racer is under the age of 18, a signed parental permission slip is needed to enter.

What to expect:

Inspections of carts will be done before the race commences. It will be down the big dirt hill in the Adventure Park this year, with zig-zags and obstacles to go under, or around.

The carts and riders must be family-friendly with absolutely no sexual, racist, obscene or abusive content of ANY kind. Remember, we are just here to have (good clean) fun and watch a great community event. Safety precautions will be covered by the Hines Creek Fire Dept. To help to cover first aid, and to assist with any safety protocols. Any further questions, call Amie (780)-835-8867, or Luke (780)-832-8336.

Registration Deadline: June 13, 2026

Lawn Mower Races

Driver:

The driver must have a certified helmet for automobiles and steel-toe boots. All drivers must be over the age of 13. Suggested to wear coveralls and any extra padding they may want.

Lawn Mower:

The lawn mower engines must be stock; you can't put in a skidoo engine for speed. You may upgrade the stock engine by adding pullies, lessening gears, and so on. There are allowed changes to tires and exterior. No sharp or shared ends to anything. This is not to ram into each other, just to get through the obstacle race in the fastest time. There is 0 tolerance for any racist, discriminatory, or offensive objects or words said. This is just for a good time.

Here's what you need to know:

The course contains zig-zags, water cannons, sharp turns, an unsteady straightaway, and huge bumps to go over.

Registration Deadline: June 13, 2026
